Southbrook Vineyards

581 Niagara Stone Road, RR4

Niagara-on-the-Lake, ON

Enjoy a summer evening at Southbrook Vineyards on Monday July 12th starting at 6:30 pm. The Chefs from *The Heat Is On Catering* will be using six wines from Southbrook and our OWS wine cellar to show you how wine can be used as a cooking and food ingredient for sauces, marinades, reductions, deglazing, and vinaigrettes, among other things. The demonstration kitchen in the winery is perfect for this event. You will see food being prepared and **sample** it, along with the wines used as an ingredient.

Chefs James and Andrew have conducted sessions like this for the LCBO so they are very adept at educating groups in this format and having fun while they are at it. You won't find a cooking event that is value priced like this anywhere else! Members of a local chapter of the Slow Food movement will also be present, eager to share with us what their philosophy entails.

Originally located in Toronto, Southbrook Vineyards has built a new building here in Niagara. The building is impressive with a long periwinkle-coloured wall, built in pizza oven & patio, pavilion, demonstration kitchen, glass barrel vault, and wine library. Owner Bill Redelmeier will be on hand to talk about the biodynamic approach at the winery. We may even see the sheep that live in the vineyard!

For all of you "foodies" and budding chefs out there, this will be a fun and educational event you won't want to miss!

Directions: Take the QEW to exit 38 - Niagara Stone Road or Regional Road 55. Cross over the highway, follow to the end of the street. Turn left on York Road. Stay on York Road to Airport Rd. Turn right. Follow Airport Rd. to Regional Road 55. Turn right. The winery is on the right hand side. For a map, visit
